Case No. 8:23-cv-00889-TDC

**AMENDED ANSWER OF DEFENDANTS ROBERT CHEN, OTTER AUDITS LLC,  
AND RC  
SECURITY LLC TO COMPLAINT**

The Complaint in this case centers on a series of false allegations. None has any merit. First, Plaintiff alleges that Defendant Robert Chen concealed conversations with Jump Crypto from David Chen, who is a central character in this dispute, though not a party at this time. To the contrary, Robert Chen disclosed his conversations with Jump Crypto. See Exs. 2-4. OtterSec LLC had a group Telegram chat with Jump Crypto, and David Chen was a part of that chat from the day it was created. He saw when calls between Robert and Jump Crypto were scheduled and chose not to join them. Ex. 2. The Complaint also falsely claims that Robert Chen improperly dissolved OtterSec LLC. Not so. Instead, after Sam Chen's death, David and Sam's counsel demanded that ~~OtterSec LLC~~ OtterSec LLC be dissolved, and indeed, the Operating Agreement in effect at the time required as ~~much.~~ much. Finally, much. See Ex. 1. Finally, OtterSec's counsel gave notice of the sale of OtterSec's assets to counsel to Plaintiff and David Chen. Neither expressed any interest in bidding on the assets. Robert Chen

purchased a number of OtterSec's assets and the funds he paid for those assets remain in OtterSec's ~~bank account, along~~

**bank account, along with OtterSec's other profits. See Ex. 5. Because of this lawsuit, Robert Chen**

with OtterSec's other profits. Because of this lawsuit, Robert Chen has not made any distributions has not made any distributions of profits from the OtterSec bank account to himself or Sam Chen's estate. *Id.*

#### **JURY DEMAND**

Defendants demand a trial by jury of all issues so triable.

**AFFIRMATIVE DEFENSES**

1. The Complaint and each of its causes of action fail to state a claim upon which relief can be granted.
  
2. Plaintiff lacks standing to assert some or all of the claims or to obtain the relief sought in the Complaint.

- a. Plaintiff is not engaged in commerce, lacks any commercial interest, never possessed any of the marks in question, and therefore lacks a cause of action under the Lanham Act. For the same reasons, Plaintiff cannot bring a claim for tortious interference.
- b. Defendants owed no fiduciary duties to the Estate or Sam Chen.
  - c. Plaintiff, the personal representative of the Estate, was never a member of OtterSec, LLC and thus cannot pursue claims for breach of fiduciary duty.
3. Plaintiff's claims for breach of fiduciary duty and aiding and abetting breach of fiduciary duty fail because Plaintiff did not bring a derivative action and cannot meet the statutory requirements to bring a derivative action. Wyo. Stat. Ann. §§ 17-29-902 to 904.
4. Plaintiff's claims for fraud and aiding and abetting fraud fail because Plaintiff has not stated with particularity the circumstances constituting fraud or mistake as required by Federal Rule of Civil Procedure 9(b).
5. Plaintiff's claims for fraud and misappropriation and conversion and Plaintiff's demand for an accounting fail because Defendants never withheld such funds and information from the Plaintiff.

6. Plaintiff's claim for breach of contract fails because Section 1.8 of the Operating Agreement was not violated. Section 1.3 of the Operating Agreement not only permitted, but required dissolution of OtterSec following Sam's death, and Plaintiff has identified no breach of the contract by Defendant Robert Chen other than the dissolution of OtterSec. Plaintiff's claims for breach of fiduciary duty, misappropriation and conversion, and Plaintiff's demand for a declaratory judgment also fail for the same reasons.

7. Plaintiff has not made a proper demand for the property Defendants have allegedly misappropriated and converted, and therefore she may not pursue a misappropriation and conversion claim.
8. Plaintiff's claim for misappropriation and conversion further fails because Defendants do not hold any money or property belonging to Plaintiff and because Plaintiff's interest, if any, in OtterSec, remains in OtterSec's bank account which holds the funds Defendant Robert Chen paid for OtterSec's assets and from which no distributions of profits have been made.
9. Plaintiff's claims for breach of fiduciary duty and conversion fail, and Plaintiff is not entitled to a declaratory judgment stating that Defendants breached any fiduciary duties or converted and misappropriated assets because Plaintiff never had legal title to any of the assets at issue and because they were legitimately purchased by the Defendants.
10. Plaintiff's claims fail under the doctrine of license because Defendant Robert Chen acted within his rights as the sole surviving member of OtterSec.
11. Plaintiff is not entitled to an accounting. This is the case either because Plaintiff has brought no other viable claims or, in the alternative, because Plaintiff has brought at least one other viable claim, in which case an accounting is not necessary.

12. Plaintiff is not entitled to a declaratory judgment because it has not brought any other viable claims.

13. Plaintiff's claims for misappropriation and conversion, breach of contract, and Plaintiff's demand for an accounting all fail because, under Wyoming law, the death of a member of a Wyoming LLC results in that person being dissociated as a member of the LLC, terminates the deceased member's person's right to participate as a member in the management and conduct of the company's activities, and provides the transferee receiving the deceased member's

transferrable interest, if any, with only the rights available to a trustee (not those available to a member of the LLC). *See* Wyo. Stat. Ann §§ 17-29-602, 17-29-603.

14. Plaintiff is not entitled to an accounting because it never issued a proper demand for information available to it under Wyoming Law. *See* Wyo. Stat. Ann §§ 17-29-504, 17-29-410.

15. Plaintiff is not entitled to an accounting of any transactions that took place prior to the dissolution of OtterSec because in a dissolution and winding up of a Wyoming LLC, a transferee is entitled to an account of the company's transactions only from the date of dissolution. *See* Wyo. Stat. Ann. § 17-29-502.

16. To the extent that Plaintiff's claims are brought against Defendants Otter Audits and RC Security as successors to OtterSec, and to the extent that claims against Defendants Robert Chen seek to pierce the corporate veil of OtterSec to hold him personally liable for actions he took in his corporate capacity, Plaintiff's claims are barred under Wyo. Stat. Ann. § 17-29-703(c).

17. Plaintiff is barred from seeking or obtaining some or all of the relief she requests by the doctrines of waiver, laches and/or acquiescence.

18. Plaintiff is estopped from pursuing the Complaint, in whole or in part, because Plaintiff's alleged injury was caused by Plaintiff's own actions.

19. Plaintiff's claims are barred in whole or in part by the doctrine of accord and satisfaction.
20. Plaintiff has not alleged facts that would justify piercing the corporate veils of OtterSec LLC and Defendants RC Security and Otter Audits to hold Defendant Robert Chen liable for actions taken by those corporations.
21. Any alleged harm suffered by Plaintiff was not directly or proximately caused by any conduct by Defendants, or by any person or entity whose acts may be attributed to Defendants for any reason, including theories of successor liability.
22. Any alleged harm suffered by the Plaintiff was the proximate result of the acts and/or omissions of parties over whom Defendants exercised no control.
23. Defendant Robert Chen cannot be held liable for actions or omissions he took, in his role as the Chief Executive Member of OtterSec, in good faith and to promote the best interests of the Company, per Section 4.7 of the OtterSec Operating Agreement and First Amendment.
24. Defendants cannot be held liable for punitive damages because none of the Defendants, nor any of Defendants' Otter Audits or RC Security's, officers, directors, managing agents, or employees acted with actual or express malice.
25. Plaintiff is equitably estopped from recovering on her claims because David Chen, acting on behalf of Sam Chen and/or his Estate, contributed to the breakdown of communications and relations between Robert Chen and Sam Chen and/or his estate.
26. Plaintiff's claims are barred, as presented here, under the doctrine of defect of parties because David Chen is not a party to this lawsuit and because resolving any claims in favor of Plaintiff without first joining David Chen as a plaintiff would subject Defendants to a substantial risk of incurring double, multiple, or otherwise inconsistent obligations.

27. Plaintiff's claims are barred, in whole or in part, because they did not accrue prior to Sam Chen's death, and thus Plaintiff has no cause of action under Maryland Code, Estates and Trusts, § 7-40(y)(1).

**Trusts, § 7-40(y)(1).**

28. Plaintiff's claim for breach of contract fails because Plaintiff lacks privity with Defendants.

**EXHIBIT 3**

**UNITED STATES DISTRICT COURT  
FOR THE DISTRICT OF MARYLAND**

LI FEN YAO,  
as Administrator of the Estate of Sam Mingsan  
Chen

Plaintiff,

v.

ROBERT CHEN, OTTER AUDITS LLC, and RC  
SECURITY LLC,

Defendants.

Case No. 8:23-cv-00889-TDC

**AMENDED ANSWER OF DEFENDANTS ROBERT CHEN, OTTER AUDITS LLC,  
AND RC SECURITY LLC TO COMPLAINT**

The Complaint in this case centers on a series of false allegations. None has any merit. First, Plaintiff alleges that Defendant Robert Chen concealed conversations with Jump Crypto from David Chen, who is a central character in this dispute, though not a party at this time. To the contrary, Robert Chen disclosed his conversations with Jump Crypto. *See* Exs. 2-4. OtterSec LLC had a group Telegram chat with Jump Crypto, and David Chen was a part of that chat from the day it was created. He saw when calls between Robert and Jump Crypto were scheduled and chose not to join them. Ex. 2. The Complaint also falsely claims that Robert Chen improperly dissolved OtterSec LLC. Not so. Instead, after Sam Chen's death, David and Sam's counsel demanded that OtterSec LLC be dissolved, and indeed, the Operating Agreement in effect at the time required as much. *See* Ex. 1. Finally, OtterSec's counsel gave notice of the sale of OtterSec's assets to counsel to Plaintiff and David Chen. Neither expressed any interest in bidding on the assets. Robert Chen purchased a number of OtterSec's assets and the funds he paid for those assets remain in OtterSec's bank account, along with OtterSec's other profits. *See* Ex. 5. Because of this lawsuit, Robert Chen

has not made any distributions of profits from the OtterSec bank account to himself or Sam Chen's estate. *Id.*

Attached to this Amended Answer are the following Exhibits: the First Amended Operating Agreement (Ex. 1); Robert's April 12 and April 13, 2022 posts on an OtterSec Discord group channel with David Chen ("ra"), announcing Robert's scheduled call with Jump (Ex. 2); the chat log of the Discord direct messages between David ("ra") and Robert ("NotDeGhost") from April 10, 2022 through May 31, 2022 (Ex. 3); the chat log of the Telegram direct messages between David and Robert from April 10, 2022, onward (Ex. 4); and the statements for OtterSec LLC's bank accounts as of the date of the filing of the Complaint in this case (Ex. 5).

**JURY DEMAND**

Defendants demand a trial by jury of all issues so triable.

**AFFIRMATIVE DEFENSES**

1. The Complaint and each of its causes of action fail to state a claim upon which relief can be granted.
2. Plaintiff lacks standing to assert some or all of the claims or to obtain the relief sought in the Complaint.
  - a. Plaintiff is not engaged in commerce, lacks any commercial interest, never possessed any of the marks in question, and therefore lacks a cause of action under the Lanham Act. For the same reasons, Plaintiff cannot bring a claim for tortious interference.
  - b. Defendants owed no fiduciary duties to the Estate or Sam Chen.
  - c. Plaintiff, the personal representative of the Estate, was never a member of OtterSec, LLC and thus cannot pursue claims for breach of fiduciary duty.
3. Plaintiff's claims for breach of fiduciary duty and aiding and abetting breach of fiduciary duty fail because Plaintiff did not bring a derivative action and cannot meet the statutory requirements to bring a derivative action. Wyo. Stat. Ann. §§ 17-29-902 to 904.
4. Plaintiff's claims for fraud and aiding and abetting fraud fail because Plaintiff has not stated with particularity the circumstances constituting fraud or mistake as required by Federal Rule of Civil Procedure 9(b).
5. Plaintiff's claims for fraud and misappropriation and conversion and Plaintiff's demand for an accounting fail because Defendants never withheld such funds and information from the Plaintiff.

6. Plaintiff's claim for breach of contract fails because Section 1.8 of the Operating Agreement was not violated. Section 1.3 of the Operating Agreement not only permitted, but required dissolution of OtterSec following Sam's death, and Plaintiff has identified no breach of the contract by Defendant Robert Chen other than the dissolution of OtterSec. Plaintiff's claims for breach of fiduciary duty, misappropriation and conversion, and Plaintiff's demand for a declaratory judgment also fail for the same reasons.

7. Plaintiff has not made a proper demand for the property Defendants have allegedly misappropriated and converted, and therefore she may not pursue a misappropriation and conversion claim.

8. Plaintiff's claim for misappropriation and conversion further fails because Defendants do not hold any money or property belonging to Plaintiff and because Plaintiff's interest, if any, in OtterSec, remains in OtterSec's bank account which holds the funds Defendant Robert Chen paid for OtterSec's assets and from which no distributions of profits have been made.

9. Plaintiff's claims for breach of fiduciary duty and conversion fail, and Plaintiff is not entitled to a declaratory judgment stating that Defendants breached any fiduciary duties or converted and misappropriated assets because Plaintiff never had legal title to any of the assets at issue and because they were legitimately purchased by the Defendants.

10. Plaintiff's claims fail under the doctrine of license because Defendant Robert Chen acted within his rights as the sole surviving member of OtterSec.

11. Plaintiff is not entitled to an accounting. This is the case either because Plaintiff has brought no other viable claims or, in the alternative, because Plaintiff has brought at least one other viable claim, in which case an accounting is not necessary.

12. Plaintiff is not entitled to a declaratory judgment because it has not brought any other viable claims.

13. Plaintiff's claims for misappropriation and conversion, breach of contract, and Plaintiff's demand for an accounting all fail because, under Wyoming law, the death of a member of a Wyoming LLC results in that person being dissociated as a member of the LLC, terminates the deceased member's person's right to participate as a member in the management and conduct of the company's activities, and provides the transferee receiving the deceased member's transferrable interest, if any, with only the rights available to a trustee (not those available to a member of the LLC). *See* Wyo. Stat. Ann §§ 17-29-602, 17-29-603.

14. Plaintiff is not entitled to an accounting because it never issued a proper demand for information available to it under Wyoming Law. *See* Wyo. Stat. Ann §§ 17-29-504, 17-29-410.

15. Plaintiff is not entitled to an accounting of any transactions that took place prior to the dissolution of OtterSec because in a dissolution and winding up of a Wyoming LLC, a transferee is entitled to an account of the company's transactions only from the date of dissolution. *See* Wyo. Stat. Ann. § 17-29-502.

16. To the extent that Plaintiff's claims are brought against Defendants Otter Audits and RC Security as successors to OtterSec, and to the extent that claims against Defendants Robert Chen seek to pierce the corporate veil of OtterSec to hold him personally liable for actions he took in his corporate capacity, Plaintiff's claims are barred under Wyo. Stat. Ann. § 17-29-703(c).

17. Plaintiff is barred from seeking or obtaining some or all of the relief she requests by the doctrines of waiver, laches and/or acquiescence.

18. Plaintiff is estopped from pursuing the Complaint, in whole or in part, because Plaintiff's alleged injury was caused by Plaintiff's own actions.

19. Plaintiff's claims are barred in whole or in part by the doctrine of accord and satisfaction.

20. Plaintiff has not alleged facts that would justify piercing the corporate veils of OtterSec LLC and Defendants RC Security and Otter Audits to hold Defendant Robert Chen liable for actions taken by those corporations.

21. Any alleged harm suffered by Plaintiff was not directly or proximately caused by any conduct by Defendants, or by any person or entity whose acts may be attributed to Defendants for any reason, including theories of successor liability.

22. Any alleged harm suffered by the Plaintiff was the proximate result of the acts and/or omissions of parties over whom Defendants exercised no control.

23. Defendant Robert Chen cannot be held liable for actions or omissions he took, in his role as the Chief Executive Member of OtterSec, in good faith and to promote the best interests of the Company, per Section 4.7 of the OtterSec Operating Agreement and First Amendment.

24. Defendants cannot be held liable for punitive damages because none of the Defendants, nor any of Defendants' Otter Audits or RC Security's, officers, directors, managing agents, or employees acted with actual or express malice.

25. Plaintiff is equitably estopped from recovering on her claims because David Chen, acting on behalf of Sam Chen and/or his Estate, contributed to the breakdown of communications and relations between Robert Chen and Sam Chen and/or his estate.

26. Plaintiff's claims are barred, as presented here, under the doctrine of defect of parties because David Chen is not a party to this lawsuit and because resolving any claims in favor of Plaintiff without first joining David Chen as a plaintiff would subject Defendants to a substantial risk of incurring double, multiple, or otherwise inconsistent obligations.

27. Plaintiff's claims are barred, in whole or in part, because they did not accrue prior to Sam Chen's death, and thus Plaintiff has no cause of action under Maryland Code, Estates and Trusts, § 7-40(y)(1).

28. Plaintiff's claim for breach of contract fails because Plaintiff lacks privity with Defendants.

To the extent a member has a negative capital account balance, there will be a qualified income offset, as set forth in Treasury Regulation 1.704-1(b)(2)(ii)(d).

### **ARTICLE IV Management**

4.1. **MANAGEMENT OF THE BUSINESS.** The members are responsible for the management of the Company.

4.2. **MEMBERS.** The liability of the members will be limited according to state law. No member is an agent of any other member of the Company, solely by reason of being a member.

4.3. **POWERS OF MEMBERS.** All members are authorized on the Company's behalf to make decisions as to:

- (a) the sale, development, lease, or other disposition of the Company's assets; (b) the purchase or other acquisition of other assets;
- (c) the management of all or any part of the Company's assets;
- (d) the borrowing of money and the granting of security interests in the Company's assets;
- (e) the pre-payment, refinancing, or extension of any loan affecting the Company's assets;
- (f) the compromise or release of any of the Company's claims or debts;

- (g) the employment of persons, firms, or corporations for the operation and management of the Company's business.

The members are further authorized to execute and deliver:

- (w) all contracts, conveyances, assignments leases, sub-leases, franchise agreements, licensing agreements, management contracts and maintenance contracts covering or affecting Company assets;
- (x) all checks, drafts, and other orders for the payment of the Company's funds;
- (y) all promissory notes, loans, security agreements, and other similar documents; and

(z) all other instruments of any other kind relating to the Company's affairs.

- 4.4. **CHIEF EXECUTIVE MEMBER.** The members may elect a Chief Executive Member. The Chief Executive Member has primary responsibility for managing the operations of the Company and for carrying out the decisions of the members. If a Chief Executive Member is elected, then the powers listed in Section 4.3 shall be held by the Chief Executive Member. If a Chief Executive Member is elected, then the other members will take no part in the control, management, direction, or operation of the Company's affairs and will have no power to bind the Company in legal agreements. The Chief Executive Member may seek advice from the members, but need not follow such advice.
- 4.5. **NOMINEE.** Title to the Company's assets must be held in the Company's name or in the name of any nominee that the members may designate. Pursuant to the powers listed in Section 4.3, the members have power to enter into a nominee agreement with any such person, and such agreement may contain provisions indemnifying the nominee, except for his or her willful misconduct.
- 4.6. **COMPANY INFORMATION.** The Chief Executive Member must supply information regarding the company or its activities to any member upon request. Any member, or their authorized representative, will have access to and may inspect and copy all books, records, and materials in the Chief Executive Member's possession regarding the Company or its activities. Access and inspection of information will be at the requesting member's expense.
- 4.7. **EXCULPATION.** Any act or omission of the Chief Executive Member, the effect of which may cause loss or damage to the Company or the members, if done in good faith to promote the best interests of the Company, will not subject the Chief Executive Member to any liability.
- 4.8. **INDEMNIFICATION.** The Company will indemnify any person who was or is a party defendant or is threatened to be made a party defendant, in a pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the Company) by reason of the fact that the person is or was a member of the Company, employee, or agent of the Company, or is or was serving at the request of the Company, for instant expenses (including attorney's fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding if the members determine that the person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interest of the Company, and with respect to any criminal action proceeding, has no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of "no lo Contendere" or its equivalent, does not in itself create a presumption that the person did or did not act in good faith and in a manner which he or she reasonably believed to be in the best interest of the Company, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was lawful.
- 4.9. **RECORDS.** The members must keep the following at the company's principal place of business or other location:
- (a) A current list of the full name and the last known street address of each member;
  - (b) A copy of the Articles of Organization, this operating agreement, and all amendments to either document;
  - (c) Copies of Company's federal, state and local income tax returns and reports for the three (3) most recent years;

(d) Copies of the Company's financial statements for the three (3) most recent years.

## **ARTICLE V Compensation**

- 5.1. **MANAGEMENT FEE.** Any member rendering services to the Company is entitled to compensation proportionate with the value of those services.
- 5.2. **REIMBURSEMENT.** The Company must reimburse the members for all direct out-of-pocket expenses incurred by them in managing the Company.

## **ARTICLE VI Bookkeeping**

- 6.1. **BOOKS.** The Chief Executive Member will maintain a complete and accurate accounting of the Company's affairs at the Company's principal place of business. The members may select the method of accounting and the company's accounting period will be the calendar year.
- 6.2. **MEMBER'S ACCOUNTS.** The members must maintain separate capital and distribution accounts for each member. Each member's capital account will be determined and maintained in the manner set forth in Treasury Regulation 1.704-1(b)(2)(iv) and will consist of his or her initial capital contribution increased by:
- (a) Any additional capital contribution made by the member;
  - (b) Credit balances transferred from the member's distribution account to his or her capital account;
- and decreased by:
- (x) Distributions to the member in reduction of Company capital;
  - (y) The member's share of Company losses if charged to his or her capital
- 6.3. **REPORTS.** The Chief Executive Member will close the books of account after the close of each calendar year and will prepare and send to each member, a statement of such member's distributive share of income and expense for income tax reporting purposes.

## **ARTICLE VII Transfers**

- 7.1. **ASSIGNMENT.** If a member proposes to sell, assign, or otherwise dispose of all or any part of his or her interest in the Company, that member must first make a written offer to sell his or her interest to the other members at a price determined by mutual agreement. If the other members decline or fail to elect such interest within thirty (30) days, and if the sale or assignment is made and the members fail to approve this sale or assignment unanimously then, pursuant to the applicable law, the purchaser or assignee will have no right to participate in the management of the business and affairs of the Company. The purchaser or assignee will only be entitled to receive the share of the profits or other compensation by way of income and the return of contributions to which that member would otherwise be entitled.

## **ARTICLE VIII Dissolution**

8.1. **DISSOLUTION.** The member(s) may dissolve the company at any time. The member may NOT dissolve the company for a loss of membership interests. Upon dissolution the company must pay its debts first before distributing cash, assets, and/or initial capital to the member or the members interests. The dissolution may only be ordered by the member(s), not by the owner of the members interests.

**CERTIFICATION OF MEMBER**

The undersigned hereby agree, acknowledge, and certify that the foregoing operating agreement is adopted and approved by each member as of this 16th day of April, 2022. The undersigned also acknowledge that **this document amends the original operating agreement** signed on February 14th, 2022.

NotDeGhost 4/10/2022 2:11 PM  
uhh  
it's fine dwai

u should also ask tria to sit in

ra 4/10/2022 2:12 PM  
?? Wait what did you do with arin

NotDeGhost 4/10/2022 2:12 PM

ra 4/10/2022 2:13 PM  
Like even weekly because no bugs

ldk

NotDeGhost 4/10/2022 2:13PM

talk abt what u found

like attack surface wise

i feel like working together is more productive too

ra 4/10/2022 2:14PM

already did that day one

attack surface doesn't rllly appear mid audit or smth

NotDeGhost 4/10/2022 2:14PM

also to motivate him

ra 4/10/2022 2:14PM

ok I can physically show up to cmu

Wait shit I have COVID spring break plans ruined fuckkk

NotDeGhost 4/10/2022 2:15PM

rip

ra 4/10/2022 2:15PM

Fuck florida

NotDeGhost i feel like working together is more productive too

ra 4/10/2022 2:15PM

Anyways was hoping to come to cmu in person to do this

Because sitting on call in silence is kinda no bueno too

NotDeGhost 4/10/2022 2:16PM

ok well we need

smth to show them soon

ra 4/10/2022 2:16PM

I think that could have been because I'm kinda fucked this week tho so

NotDeGhost 4/10/2022 2:16PM

like we cannot screw up this audit

ra 4/10/2022 2:17PM

I know mf I know I just woke up pls fjjfjjfjjfjjfj

Sorry but kinda grumpy woke up feeling feverish again

NotDeGhost 4/10/2022 2:17PM

hm i feel like screensharing code and

working together is not a bad thing

ok whatever we can figure it out later

from my experience cppio is just hard to motivate

so u need to sit down w/ him

ra 4/10/2022 2:18PM

Yeah I think that's ok didn't do that bc laptop will do that at home setup

Sure

NotDeGhost 4/10/2022 2:18PM

kk u should ask him to schedule it wed

NotDeGhost ok well we need

ra 4/10/2022 2:20PM

just smol thing but how is this a "ok well" moment kinda annoying like how does my shitty attitude towards holding a meeting relate to not knowing that this audit is important

 NotDeGhost 4/10/2022 2:21PM  
o ig i just meant  
imo u should priotize this above all else  
like u can push meetings onto me  
and other stuff  
or like other stuff that's blocking u

 ra 4/10/2022 2:22PM  
ok  
yea I gotcha

 NotDeGhost 4/10/2022 2:24PM  
but like in return u should put a lotta time into serum  
like im handling all the other audits rn  
so u can do this

 ra 4/10/2022 2:25PM  
yeah makes sense I was avoiding meetings bc I thought the last one was awkward not because I didn't want to spend the time sriry I implied I was trying to ditch work or some crap

 NotDeGhost 4/10/2022 2:25PM  
ah kk np  
yeah hm, tbh we should have more coworking sessions  
i think it helps connect w/ ppl and  
motivates them  
u should ask tria to join i think  
o wait actually before u start on serum for today, can u write a poc for jet margin liquidation + close account dos  
<https://docs.google.com/document/d/1TdAJF9xlfq64mTJL54vJ7m-ptqs7WlxpG1exLXeSTKI/edit>  
OS-JET-ADV-01  
is the close account thing  
liquidation bug is just that they have users claim liquidations but  
you can just claim ur own account as liquidtable

  NotDeGhost u should ask tria to join i think  
ra 4/10/2022 2:32PM  
yea sure

 NotDeGhost 4/10/2022 2:32PM  
and then `liquidatoin_end + liquidation_begin` it to endlessly lock it

 ra 4/10/2022 2:33PM  
Oh I rember that is this jet-v1?

 NotDeGhost 4/10/2022 2:33PM  
no  
jet margin

 ra 4/10/2022 2:33PM  
Huh ok same pattern

 NotDeGhost 4/10/2022 2:34PM  
wait jet v1 does not have  
liquidation lockign

 ra 4/10/2022 2:34PM  
It did I think

 NotDeGhost 4/10/2022 2:34PM  
no

 ra 4/10/2022 2:34PM

O wait mb

Something else

I think ocygen

Oxygen

 NotDeGhost 4/10/2022 2:35PM

o ok

 ra 4/10/2022 2:35PM

Also sorry I kinda feel bad physically rn so idt I should be making decisions rn bc I just wanna eat smth and sleep more rn lol  
Any decisions I make now will not be long term minded

 NotDeGhost 4/10/2022 2:36PM

hm writing pocs is braindead stuff so u can prob do that  
finding vulns requires being awake

 ra 4/10/2022 2:36PM

yea

Going to get smth to eat first tho

 NotDeGhost 4/10/2022 2:39PM

kk

pls by like 10 pm est or smth

gotta get this in to them before the call tmrw

 NotDeGhost i think it helps connect w/ ppl and

 ra 4/10/2022 2:40 PM

Lemme get back to you on this shit when I'm not hungry and tired

 NotDeGhost 4/10/2022 2:40 PM

kk (edited)

 ra 4/10/2022 2:40 PM

Ok

 NotDeGhost you can just claim ur own account as liquidtable

 ra 4/10/2022 5:54 PM

They already have a test that seems to show that it's intended behavior(`no_one_else_can_liquidate_after_liquidate_begin` in hosted liquidate tests)

 NotDeGhost is the close account thing

 ra 4/10/2022 5:54 PM

Finished poc for this

 ra They already have a test that seems to show that it's intended behavior(`no_one_else_can_liquidate_after_liquidate_begin` in hosted liquidate...

 ra 4/10/2022 5:58 PM

So we probably need to explain why this is bad

 ra They already have a test that seems to show that it's intended behavior(`no_one_else_can_liquidate_after_liquidate_begin` in hosted liquidate...

 NotDeGhost 4/10/2022 6:04 PM

did u cancel and redo it

and show timer extended ig

that's the main implica

 ra 4/10/2022 6:13 PM

Kk

Uhh they have tests at the bottom commenting that test runtime clock doesn't work rip

 NotDeGhost 4/10/2022 6:15 PM

harry got it working

check his pr

ra 4/10/2022 6:15PM

Kk

27 minutes ago lol nice

NotDeGhost liquidation bug is just that they have users claim liquidations but

ra 4/10/2022 6:47PM

The bug is actually diff lol

You can't actually restart liquidation

From same liquidator

Because account is initialized

So if you actually get liquidated once and then you get liquidated again before account is purged from runtime, the same liquidators that attempted a liq can't

Who found this bug btw?

NotDeGhost 4/10/2022 6:49PM

me

uhh

ra So if you actually get liquidated once and then you get liquidated again before account is purged from runtime, the same liquidators that attempted a liq can't

ra 4/10/2022 6:49PM

Same issue as before with create account -> close account -> create account

NotDeGhost 4/10/2022 6:49PM

ig u can do it with a diff bot account

ra 4/10/2022 6:49PM

Yeah

NotDeGhost 4/10/2022 6:49PM

so still an issue

ra 4/10/2022 6:49PM

Yeah

Just seems like this caused a diff bug

Than intended lol

Because bots don't usually create new keypairs randomly lol

NotDeGhost 4/10/2022 6:50PM

yeah

so both issues

NotDeGhost me

ra 4/10/2022 6:50PM

O was going to ask so I could dm for more efficient com lol

NotDeGhost 4/10/2022 6:51PM

lol

wait r u sure it doesn't get cleanedup

like next slot

ra 4/10/2022 7:02PM

Not sure

Probably

But ig kinda bug

NotDeGhost 4/13/2022 12:27 PM

no

ethan was busy w/ midterms but i dunno

ra who do we have on anchor static anal rn actually

NotDeGhost 4/13/2022 12:27 PM

vOldemort

u should ask him nicer

i deleted ur msg

or it's only been 3 days so

also u should remind pertark of the nda

and ask him to remove all files related to osec

ra 4/13/2022 12:34 PM

done

NotDeGhost u should ask him nicer

ra 4/13/2022 12:36 PM

aight can you ask then

NotDeGhost 4/13/2022 12:36 PM

i willin a but

bit

ra 4/13/2022 12:36 PM

kk

NotDeGhost 4/13/2022 12:36 PM

how is serum going

ra 4/13/2022 12:37 PM

going to work on it w/ cppio today

NotDeGhost 4/13/2022 12:37 PM

he's afk

u should just work on it

urself for now

ra 4/13/2022 12:37 PM

have been managing wallets/contacting ppl this morning

 NotDeGhost 4/13/2022 12:37 PM  
kk

 ra 4/13/2022 12:37 PM  
yea  
need to get back to ppl from miami tho so will probably look at it tomorrow

 NotDeGhost 4/13/2022 12:38 PM  
??

 ra 4/13/2022 12:38 PM  
looking at waev's papers rn

 NotDeGhost 4/13/2022 12:38 PM  
it takes 9 hrs  
to respond to ppl?

 ra looking at waev's papers rn  
 NotDeGhost 4/13/2022 12:39 PM  
what is this

 ra 4/13/2022 12:39 PM  
guy me/sam were talking to at azi's party  
decentralized data analytics

 NotDeGhost 4/13/2022 12:40 PM  
ok responding to ppl should not take

 ra 4/13/2022 12:40 PM  
similar to google analytics

 NotDeGhost 4/13/2022 12:40 PM  
the whole day

 ra 4/13/2022 12:41 PM  
ik

 ra have been managing wallets/contacting ppl this morning  
 ra 4/13/2022 12:42 PM  
managing wallets was looking at a thing involving cashio lm mining on quarry  
since they got hacked saber closed their stable pools

 NotDeGhost 4/13/2022 12:42 PM  
ok sure  
u still need to do serum

 ra 4/13/2022 12:42 PM  
yes

 NotDeGhost 4/13/2022 12:53 PM  
rip serum asked us  
ok i think we need to do weekly updates for projects

 ra 4/13/2022 12:56 PM  
yea solend has a weekly call to show what you did during the week

 NotDeGhost 4/13/2022 12:56 PM  
yeah but we need to do weekly updates for the  
projects we audit  
or else they'll ask us this and it looks rly bad

ra 4/13/2022 12:56 PM

o thought you were talking about voldemort

NotDeGhost or else they'll ask us this and it looks rly bad

ra 4/13/2022 12:57 PM

sure

NotDeGhost 4/13/2022 12:57 PM

ok so

we have nothing to show for serum rn?

ra 4/13/2022 12:57 PM

we do not

NotDeGhost 4/13/2022 12:58 PM

how is that possible

it's been like

1.5 weeks

ra 4/13/2022 12:58 PM

serum is nowhere on the same level as port/jet

in terms of professionalism

and code quality

NotDeGhost 4/13/2022 12:58 PM

ok well i was looking at it on the plane

and found some sus stuff so

in like 1 hr

ra 4/13/2022 12:59 PM

pls post in serum channel

and i'll look at it w/ cppio

NotDeGhost 4/13/2022 12:59 PM

wait i don't get how

u guys found nothing

i will share later

ra 4/13/2022 1:00 PM

can u send now so i can look at it now

NotDeGhost 4/13/2022 1:00 PM

no

ra 4/13/2022 1:00 PM

? why

NotDeGhost 4/13/2022 1:00 PM

u should look for it urself

if i can find it in an hr

ra serum is nowhere on the same level as port/jet

NotDeGhost 4/13/2022 1:01 PM

this is just bs

ra 4/13/2022 1:01 PM

in what way

NotDeGhost 4/13/2022 1:02 PM

ur claim that there are no vulns

ra 4/13/2022 1:02PM

i'm not claiming there are no vulns bc we don't know that

NotDeGhost 4/13/2022 1:02PM

no easy vulns

ra 4/13/2022 1:03PM

yes

NotDeGhost 4/13/2022 1:03PM

well if i can find it in 1 hr

evidently not

ra 4/13/2022 1:08PM

ok mb i did go into this audit with the preconception that serum's dev team is godly

and that was probably a bad mindset to take

as an auditor

ty for the insight

going to go take a nap first and take a look at serum-v4 with fresh eyes

ra and that was probably a bad mindset to take

ra 4/13/2022 1:20PM

gotta remember that everyone is just as human as you are

and its not arrogant to think that way (edited)

also jito labs meeting pog

ra 4/13/2022 1:30PM

u going to join?

NotDeGhost 4/13/2022 1:30PM

yes

ra going to go take a nap first and take a look at serum-v4 with fresh eyes

NotDeGhost 4/13/2022 1:56PM

yeah this is also why im not gonna tell u the bugs

im p sure it's a crit tho

or at least a high

NotDeGhost yeah this is also why im not gonna tell u the bugs

ra 4/13/2022 1:56PM

?

what is this

NotDeGhost 4/13/2022 1:56PM

for serum

ra 4/13/2022 1:56PM

this is also why

ra ok mb i did go into this audit with the preconception that serum's dev team is godly

NotDeGhost 4/13/2022 1:57PM

.

"this"

ra 4/13/2022 1:57PM

also can u handle the blog post with strellic

getting good vibes from serum rn

NotDeGhost 4/13/2022 1:57PM

ok

ra 4/13/2022 1:57PM  
mindset is important

NotDeGhost 4/13/2022 2:01PM  
u should at least note down  
weird stuff  
as u find it

ra 4/13/2022 2:11PM  
btw

NotDeGhost 4/13/2022 2:12PM  
ok  
i dunno if we should fire hari  
at least he did *something*

ra 4/13/2022 2:13PM  
yeah

NotDeGhost 4/13/2022 2:14PM  
wana do pomodoro  
with kevin  
u should try it

ra 4/13/2022 2:15PM  
i used to do them  
sure

NotDeGhost 4/13/2022 2:15PM  
u should make a pomo channel  
with a tomato emoji

ra 4/13/2022 2:15PM  
i used to go to my friend's house to do them

NotDeGhost 4/13/2022 2:15PM  
i think we should do more  
work together things

ra 4/13/2022 2:16PM  
yea sounds good

NotDeGhost with kevin

ra 4/13/2022 2:17PM  
not rn bc im not sure how long this good vibe will last but mb tomorrow

NotDeGhost 4/13/2022 2:17PM  
thonk  
ok

ra 4/13/2022 2:17PM  
being sick kinda slaps ngl  
die for the first few days  
get the best fuckin coding vibes for the next few days  
or at least that's been my experience  
a lot of the rust bot was written when i had a cold (edited)

NotDeGhost 4/13/2022 2:19PM  
tfw

ra 4/13/2022 2:19PM

also just a note

you can't make me do smth by going like "well you have to"

my brain needs why

in this case i've decided its to prove that serum devs are not godly

NotDeGhost tfw

ra 4/13/2022 2:27PM

unfortunately pollen allergies do not work like this :(

NotDeGhost 4/13/2022 2:34 PM

tfw ok

ra 4/13/2022 3:15PM

yea cppio is probably busy with exams or w/e rn

wdyt

NotDeGhost 4/13/2022 4:39 PM

yeah it's fine

NotDeGhost 4/14/2022 10:15 AM

it's kinda weird when u publically simp for cts

i think it's a bad look

NotDeGhost 4/14/2022 11:39 AM

why leave pmo

ra 4/14/2022 11:39 AM

taking a break to go walk outside

ra 4/14/2022 1:02PM

please stop adhd means i can't control where the attention goes so if i get this kinda vibe i ride it while it lasts

i have no idea how long it will last

and what will break it

NotDeGhost 4/14/2022 1:03 PM

hm ok

tbh we're kinda on a roll though

i think this is a crit

ra 4/14/2022 1:03PM

🙏 pls stop asking me to go do other stuff

when im vibing tho

NotDeGhost 4/14/2022 1:03 PM

okok

ok

ra 4/14/2022 1:04PM

ty sriry but its a very adhd thing adhd is a terrible name its not a lack of attention its a lack of control over direction of attention

my attention does whatever the fuck it wants and since its right where i want it right now im going to try to keep going

NotDeGhost 4/14/2022 4:37PM

hey

we shoudl chat

ra 4/14/2022 4:38 PM

sure, now?

NotDeGhost started a call that lasted 5 minutes 4/14/2022 4:39 PM

NotDeGhost 4/14/2022 5:34 PM

also we are ok with  
500k at 20 million right  
for friends and family  
talking to some potential vcs  
thinking abt just giving everyone 50k

ra 4/14/2022 5:47 PM

what's the upside

NotDeGhost 4/14/2022 5:47 PM

connects

ra 4/14/2022 5:48 PM

does being vc funded make it that much easier?

NotDeGhost 4/14/2022 5:48 PM

no we give the 50k allocation to  
important ppl in the space

ra 4/14/2022 5:48 PM

hmm can you give list

NotDeGhost 4/14/2022 5:49 PM

dunno

just in general  
like mby wil from jet  
elton  
etc

ra 4/14/2022 5:50 PM

yea the thing is i feel like  
since we're a services based company its pretty mercenary either way whether or not they own equity  
because we're pretty small in the grand scheme of things by size and won't really grow but the audit could make/break their proj

NotDeGhost 4/14/2022 5:51 PM

yes hence why it's like  
2.5% equity

ra 4/14/2022 5:51 PM

giving out any equity at all is a huge commitment  
since it breaks the 50/50 balance  
this is why we didn't want to give nojob a small token amount of equity either

NotDeGhost 4/14/2022 5:52 PM

im gonna just tell ppl  
friends and family

ra 4/14/2022 5:53 PM

what's the real reason you want investment? you've been very deflective about it in the past

NotDeGhost connects

NotDeGhost 4/14/2022 5:53 PM

ra 4/14/2022 5:58 PM

yeah i guess it's true that if we had investment from some places we could have snagged saber/mercurial  
and i think outside investment would definitely help somewhat with connections

-  NotDeGhost 4/14/2022 5:59 PM  
i mean i handle literally  
all the deals  
so i can tell you yes  
investment woudl help a ton
-  ra 4/14/2022 6:02 PM  
can you give an example of like a specific instance ig  
my current understanding is that we have a really close relationship with jet/companies we've audited in general but i haven't been in many calls  
(just want to know your exact reasoning - kinda down with this but i want to know why) (edited)  
is it that new startups are not as confident that they'll make the right choice?  
so they'll tend to default to tried and true with known backing like kudelski  
so if we have investments backing us as well its easier to pick up newer startups who can't afford to just get all the auditors to audit their shit if they  
really need to ig (edited)
-  NotDeGhost 4/14/2022 6:17 PM  
like elton connected me w/  
a company today  
and in general vcs have a lot of portfolio companies  
that they can connect
-  ra 4/14/2022 6:19 PM  
i wonder if race will ever send companies our way  
dyt they'll be more committed to doing that if they have an investment
-  NotDeGhost 4/14/2022 6:20 PM  
yes
-  ra 4/14/2022 6:21 PM  
lets ask nojob what he thinks  
solend is vc invested and they get partnerships and crap  
so kinda same boat
-  NotDeGhost 4/14/2022 6:21 PM  
ok  
can u do serum  
and not have me  
bug you every hour
-  ra 4/14/2022 6:21 PM  
i am actually writing down  
bytes as we speak  
lmao
-  NotDeGhost 4/14/2022 6:21 PM  
ok it is  
kinda annoying how i feel like  
i have to watch you  
for you to do work
-  ra 4/14/2022 6:53 PM  
actually should we add  
grand pew to main serum audit chat
-  NotDeGhost 4/14/2022 6:53 PM  
i did
-  ra 4/14/2022 6:53 PM  
can he replace cppio as audit partner so you can  
go do other stuff

 NotDeGhost i have to watch you

 ra 4/14/2022 6:53 PM  
this is what partner coding is  
and ig what we'd optimally want from auditing as well

 ra this is what partner coding is  
ra 4/14/2022 6:54 PM  
where you're supposed to physically look at their code

 NotDeGhost 4/14/2022 6:54 PM  
no he needs to do fuzzing

 ra 4/14/2022 6:54 PM  
over their shoulder  
i mean  
he doesn't need to

 NotDeGhost 4/14/2022 6:54 PM  
it's more efficient  
just poc please  
if we find smth we can  
not stress as much

 ra get the best fuckin coding vibes for the next few days  
ra 4/14/2022 8:28 PM  
also just late night ramble but its probably not because im sick its probably because context switching is expensive mentally which is why im pretty horrible when there's school in the picture  
and it just takes a few days to context switch fully and since you get to stay home when sick that's why i associate being sick with ridiculously productive periods

 NotDeGhost 4/14/2022 8:29 PM  
hm interesting  
summer should help then

 ra 4/14/2022 8:29 PM  
yea

 NotDeGhost 4/15/2022 8:58 AM  
ok so the new group chat is  
a family office  
who might want to invest  
i talked to u abt them a while back

 ra 4/15/2022 9:04 AM  
hm ok

 NotDeGhost 4/15/2022 10:15 AM  
should i book a bahamas house for  
5k  
for a week

 ra 4/15/2022 10:16 AM  
are richard and the gang not going

 NotDeGhost 4/15/2022 10:16 AM  
i wana book one for osec  
so fly ppl out

 ra 4/15/2022 10:16 AM  
that's a waste of money (edited)

NotDeGhost 4/15/2022 10:17 AM

each person is like

ra 4/15/2022 10:17 AM

also

max 3 ppl per team

NotDeGhost 4/15/2022 10:17 AM

massive returns

ra 4/15/2022 10:17 AM

for hackerhouse

NotDeGhost 4/15/2022 10:17 AM

?

we're not competing

just team bonding

ra 4/15/2022 10:17 AM

solend figured that out

by trying to register more than 3 ppl for hackerhouse

the event

NotDeGhost 4/15/2022 10:17 AM

oh wait there's one for

ra 4/15/2022 10:17 AM

not like hackathon

NotDeGhost 4/15/2022 10:17 AM

2k

ra 4/15/2022 10:19 AM

did you finish blog post with strellic btw

NotDeGhost 4/15/2022 10:19 AM

no

ok im booking this one

ra 4/15/2022 10:20 AM

wait  
how many ppl  
are going

NotDeGhost 4/15/2022 10:20 AM

dunno  
let's say 6

ra 4/15/2022 10:21 AM

shouldn't we do that first?  
like  
isn't it before exams rn

NotDeGhost 4/15/2022 10:21 AM

i asked some ppl  
and they were onboard

ra 4/15/2022 10:21 AM

who

NotDeGhost 4/15/2022 10:21 AM

harry  
pew

ra 4/15/2022 10:22 AM

that's 2 ppl

NotDeGhost 4/15/2022 10:22 AM

mby defund  
kevin  
me  
why is this such a concern  
it's 2k  
ok im booking

ra 4/15/2022 10:49 AM

just a random question, how did you ask your gf when we did the jet bug and used her id

NotDeGhost 4/15/2022 10:55 AM

?

ra 4/15/2022 10:55 AM

just wondering

NotDeGhost 4/15/2022 10:56 AM

why

ra 4/15/2022 11:51 AM

ok i thought about stuff some more and discussed with my parents  
how about i transfer over % of equity to you (edited)

NotDeGhost 4/15/2022 12:02 PM

hm why

ra 4/15/2022 12:03 PM

it's the best compromise  
this way it's not unfair when you do more work because you reap more of the benefits  
as much as i want to, i'm not developed enough to perform on the same level as you

NotDeGhost 4/15/2022 12:04 PM

yeah fair

ra 4/15/2022 12:04 PM

which is fine, because i'm younger than you

NotDeGhost 4/15/2022 12:04 PM

would you still be dropping out of hs then?

or woudl u wana finish up ur studies

ra 4/15/2022 12:05 PM

i'll be finishing high school

will be taking as little classes as possible though

NotDeGhost 4/15/2022 12:05 PM

hm ok

what %?

but yeah ig that would make things more fair imo

ra 4/15/2022 12:10 PM

10% from me to you making it 40:60, meaning you have 50% more than me

NotDeGhost 4/15/2022 12:13 PM

yeah sure

although i hope this doesn't mean you'll adjust ur work down

ra 4/15/2022 12:14 PM

i won't

i just realized i can't

adjust my work up any further

like i probably can't go to bahamas

NotDeGhost 4/15/2022 12:15 PM

hm ok

yeah i think that sounds fair

ra 4/15/2022 1:03 PM

can you email the lawyer to set this up

NotDeGhost 4/15/2022 1:04 PM

can't we just

amend the operating agreement

ra 4/15/2022 1:04 PM

not sure

seems fine though yeah

ra did you finish blog post with strellic btw

ra 4/16/2022 8:18 AM

re this

i'll do it today if you don't have time

NotDeGhost 4/16/2022 8:20 AM

ah yeah can u do that

👍 1

ty

NotDeGhost 4/16/2022 10:35 AM

ok so for the family fund

i think they could be a decent partner

but i wana explore other options too so

ima send them an update for that k?

- i will ask them to delay for a few days

 ra 4/16/2022 10:39 AM

 **NotDeGhost** amend the operating agreement  
 ra 4/16/2022 12:51 PM  
could you make this explicit somehow?  
(bikeshed)

 **NotDeGhost** 4/16/2022 12:51 PM  
it's in the email  
Note that this replaces the existing operating agreement

 ra 4/16/2022 12:56 PM  
yeah my dad wants you to put that it in the document

ra 4/17/2022 3:23PM

nah idts

NotDeGhost 4/17/2022 5:33PM

what's the diff between

serum v3 and v4

could we do differential fuzzing between the two actually

ra 4/17/2022 6:22PM

modularity really

probably

NotDeGhost 4/17/2022 6:22PM

like are the outputs the same?

is it supposed to be the same?

ra 4/17/2022 6:26PM

uhhh not completely sure about that

should be very similar

main diff i can think of is swap function being built in

instead of being cpi program

NotDeGhost 4/17/2022 6:27PM

uhh

wdym

NotDeGhost 4/17/2022 8:21PM

also did u claim port tokens yet

David cai is the near vc

NotDeGhost 4/18/2022 9:08 AM

NotDeGhost 4/20/2022 8:55 AM  
hm dyt u could  
skip school on thursday  
jump meeting at 10am

ra 4/20/2022 9:31 AM  
not going to be at school because quarantining lul

NotDeGhost 4/20/2022 9:31AM

o ok

so u can join then?

ra 4/20/2022 9:31AM

yeah

NotDeGhost 4/20/2022 9:31AM

pog

ra 4/20/2022 9:31AM

just finished call with audit dao guys

they could not explain

tf they're doing

or like how they provide value

their plan is to have audit firms shill their bug bounty platform and then collect fees from bug bounties

NotDeGhost 4/20/2022 9:33 AM

i mean we can get

free advertising from them mby

ra 4/20/2022 9:33 AM

yeah ig that was their entire pitch

you shill us

we shill you

and also we might do something idk

NotDeGhost 4/20/2022 9:40 AM

hm ok

NotDeGhost 4/20/2022 12:46 PM

also meeting with kanav rescheduled

to friday 5:30 pm

that works for u right

ra 4/20/2022 1:24 PM

Yea

NotDeGhost 4/20/2022 3:25 PM

tfw i tested positive for covid

ok so

ra 4/20/2022 3:27 PM

unexpected

NotDeGhost 4/20/2022 3:27 PM

i might've burned like

3k on this bahamas trip

pepega

ra 4/20/2022 3:27 PM

gg

is anyone else going?

NotDeGhost 4/20/2022 3:28 PM

kevin and harry maybe

bruh im kinda

sad now

was actually looking forward to

bahamas

ok ig mby we should've organized a little better

mb

ra 4/20/2022 3:31PM

yeah probably  
should plan further ahead in advance w/ more notice for ppl I think

NotDeGhost 4/20/2022 3:31PM

yeah i just wanted a way for  
ppl to meet up :(  
puhpehga

ra 4/20/2022 3:33PM

rip

NotDeGhost 4/20/2022 3:33PM

ok i mean  
i could probably sneak in stillc  
cause i have a negative test from yesterday  
but i dunno if it's worth it

ra 4/20/2022 3:33PM

uhhh prolly not a good idea tbh

NotDeGhost 4/20/2022 3:33PM

hm ok

ra 4/20/2022 3:34PM

yea idk if other ppl would appreciate

NotDeGhost 4/20/2022 3:34PM

yeah fair  
ok ig this means i have more time to work on  
projects at lesat

NotDeGhost 4/20/2022 6:15PM

ok the annoying thing is  
we can't rly ask jump for audits  
cause we're debating acquihire  
even tho i kinda banked on having two audit slots filled by them  
we can double up auditoors in the short term ig

ra 4/20/2022 6:21PM

so we don't have enough audits in the pipeline rn?

NotDeGhost 4/20/2022 6:21PM

nope  
no additional audits actually  
so we're cucked after 2 weeks

ra 4/20/2022 6:21PM

tfw

NotDeGhost 4/20/2022 6:22PM

im not super worried tho  
cause i think we have good rep in the space  
and we'll never lose money  
worst case we transition ppl to side projects  
for a few weeks

ra 4/20/2022 6:23 PM

yeah  
lol i thought we were  
backed up

NotDeGhost 4/20/2022 6:23 PM

eh  
i mean u can't say this  
or else auditors will feel demotivated

ra 4/20/2022 6:23 PM

yeah

NotDeGhost 4/20/2022 6:23 PM

i mean we technically are if  
u include jump  
i think we can assign ppl to those projects tho  
and just tank the costs  
like 100/hr for a few weeks is  
bearable

ra 4/20/2022 6:25 PM

what about raydium?

NotDeGhost 4/20/2022 6:25 PM

i mean that takes time  
to setup  
that's the issue

ra 4/20/2022 6:27 PM

yeah  
o what did you talk to hummingbot about  
i tried using them b4  
a few years back

NotDeGhost 4/20/2022 6:28 PM

they want an audit for  
humming bot prime  
in like 6 months

ra 4/20/2022 6:30 PM

inch

NotDeGhost 4/20/2022 10:08 PM

tfw soteria is charging  
40k an audit

NotDeGhost 4/20/2022 10:15 PM

also talked with ian  
he wants quotes for goki, tribeca, and quarry

ra 4/21/2022 5:30 AM

ive been basically doing the audit for u guys

ra 4/21/2022 2:53 PM  
can you look and find interesting areas and i'll deep dive into them? i've had trouble finding bugs recently so i feel this is the best usage of time

NotDeGhost 4/21/2022 2:54 PM

abt the fuzzer

ra 4/21/2022 2:54 PM  
yea

just putting it here for convenience

NotDeGhost 4/21/2022 6:18 PM  
serum?

NotDeGhost 4/21/2022 6:33 PM  
?

NotDeGhost 4/22/2022 2:54 PM  
how did jump go

ra 4/22/2022 2:56 PM

uh he was basically like "yeah uh soooo you're a high schooler"  
"what do you think about just letting full time peeps go to jump and you stay"

NotDeGhost 4/22/2022 2:56 PM

what did u say

ra 4/22/2022 2:56 PM

"yeah ok sure, tbh im ok with just leaving after aquihire if yall don't care lmao/too much of a pain" (edited)

NotDeGhost 4/22/2022 2:56 PM

oh

what did he say to that

ra 4/22/2022 2:57 PM

"yeah sure, btw we know that you're cofounder, we'll consider economic shit dw"

NotDeGhost 4/22/2022 2:57 PM

kk

altho tbh it sounds  
very useful to have  
one of us at jump  
and the other running osec  
cause we can funnel audits back

ra 4/22/2022 2:58 PM

yeah  
depending on comp ig

NotDeGhost 4/22/2022 2:58 PM

at osec?

or at jump

ra 4/22/2022 2:58 PM

osec  
osec is just going to be owned by them right

NotDeGhost 4/22/2022 2:58 PM

uhh

yeah prob

ra 4/22/2022 2:58 PM

so they determine comp

NotDeGhost 4/22/2022 2:58 PM

but kanav said we can just  
keep the money  
in osec  
which is ?

ra 4/22/2022 2:59 PM

👉 let's wait for them to send the paperwork and then we'll see

NotDeGhost 4/22/2022 2:59 PM

if not this

ra 4/22/2022 2:59 PM

how they want to structure aquihire

NotDeGhost 4/22/2022 2:59 PM

there's that other vc

which im also a p big fan of  
they seem pretty competent

ra 🧑🏻 let's wait for them to send the paperwork and then we'll see

 NotDeGhost 4/22/2022 2:59 PM  
did he say when  
they'd send over paperwork?

no

sadge

 NotDeGhost 4/22/2022 4:10 PM  
hm what do i tell buffalu  
did we make any optimizations  
other than cutting stuff out

 ra 4/22/2022 4:14 PM  
no  
time to retroactively create those optimizations amiright

 NotDeGhost 4/22/2022 4:19 PM  
shh

 NotDeGhost 4/22/2022 6:51 PM  
ok it kinda feels like  
i have to pull teeth  
to get u to look at serum  
like you literally told me you would handle it  
but now im basically doing the audit for you  
like if you wana give up you should just quit and let me know  
instead of being in this half onboard state

 ra 4/22/2022 8:03 PM  
couldn't find it, will look again tomorrow

 NotDeGhost 4/22/2022 8:03 PM

 NotDeGhost 4/23/2022 12:00 PM  
can u join vc

?

bruh wtf

NotDeGhost 4/23/2022 1:57PM

ok so gink told me that

you felt like i was being too harsh on you

im sorry

in my defense, you never told me about it. i feel like you should've let me know if i was being too harsh

and i would've adjusted my expectations

im also under a lot of stress, to manage and deliver all these audits

i understand if you want to leave, but would prefer that you do it on a good note instead of

burning bridges with each other

also TIL machivellian personalities seems kinda unfair

i've always tried to be as transparent as possible with you

NotDeGhost 4/24/2022 8:15AM

hm would you be open to

chatting today

i thought abt it some more and have some things to share

ra 4/24/2022 8:46AM

sure ok

NotDeGhost 4/24/2022 8:46AM

call?

or do u prefer text

ra 4/24/2022 8:49AM

text

NotDeGhost 4/24/2022 8:49AM

kk

so ig from my perspective

everything seemed fine until yesterday morning

where it seems like you got very upset

so it would be nice if u could explain what ur thoughts are

or do u not wana talk abt that

ra 4/24/2022 8:58AM

from my perspective, it feels like you've been trying to isolate me from the company for the past month+ by scheduling important meetings that i can't attend, and keeping me in the dark about what you're doing in general

which has been incredibly stressful, because you haven't demonstrated that you're a person who i can trust to have my best interests at heart

you've also shown that you'd rather compete with me than work with me, so i decided to concede authority by transferring 10% to you

but, i expected that you'd still act in my best interests, as well as the company

i just felt very betrayed by the jump deal, which seems to leave my status very much up in the air

NotDeGhost 4/24/2022 8:58AM

o hm

ok for the isolating thing, that was not my intent

i thought it was just more efficient for me to take the meetings

i also offered to let you have access to my telegram

so you can stay in the loop that way

can u expand on the compete thing?

for jump, from my understanding this would be functionally equivalent to an acquihire

NotDeGhost i also offered to let you have access to my telegram

NotDeGhost 4/24/2022 9:01AM

offer still stands btw

as long as you don't modify state

NotDeGhost for jump, from my understanding this would be functionally equivalent to an acquihire

NotDeGhost 4/24/2022 9:02 AM

i understand if it doesn't seem that way to you, but i feel like this is more of a misunderstanding than me lying?

like if i were to lie, why would i schedule in a meeting for you to meet kanav

ig it's prob my fault for not including you in more things, but also i feel like you could've let me know

like if there was a meeting you wanted to sit in, i wouldn't say no?

this anger feels kinda out of the blue to me

because you haven't demonstrated that you're a person who I can trust to have my best interests at heart  
i feel like this is an unfair characterization, is there a specific example of this

ra 4/24/2022 9:08 AM

for the acquihire, it feels like you negotiated yourself into a favorable position while going like "y'know, jump probably won't cuck ra"

NotDeGhost 4/24/2022 9:08 AM

ok i mean if that's the concern, we can just not take the acquihire

i would not take it without getting your consent

NotDeGhost like if i were to lie, why would i schedule in a meeting for you to meet kanav

ra 4/24/2022 9:09 AM

not to mention, you didn't adequately explain the acquihire to me before the meeting and then retroactively described the meeting as a chance to "discuss the details of the acquihire"

NotDeGhost 4/24/2022 9:10 AM

ok i could've clarified that better

i wasn't trying to scam you though

or if i was, this seems like a very inefficient way to do it

NotDeGhost ok i mean if that's the concern, we can just not take the acquihire

ra 4/24/2022 9:11 AM

i agree that jump probably won't cuck me

but, i still feel betrayed that you handwaved that part

NotDeGhost 4/24/2022 9:11 AM

oh i mean i thought it was

functionally the same

like i assumed they would give the valuation as a bonus dispersed between us

if they didn't i'd probably ask them to?

ra not to mention, you didn't adequately explain the acquihire to me before the meeting and then retroactively described the meeting as a chance to "discuss t...

NotDeGhost 4/24/2022 9:12 AM

re: retroactive, i think the intent of the meeting was obviously not exclusively to discuss acquihire meeting

NotDeGhost i wasn't trying to scam you though

ra 4/24/2022 9:12 AM

you just neglected to tell me anything or advocate on my behalf so it was more inaction than action

NotDeGhost 4/24/2022 9:12 AM

wait this seems false

or like

i explicitly told kanav that i'd want you to be onboard

ok i think the characterization of me as machivellian is kinda hurtful

because i try to be as transparent and honest as possible

NotDeGhost i explicitly told kanav that i'd want you to be onboard

NotDeGhost 4/24/2022 9:14 AM

i mean did i not call you to ask you

if you'd be ok with what kanav proposed

i mean if the main issue is jump acquihire terms, i can sign something that says we'll only agree if we're both onboard?

which i was planning on doing anyways :/

NotDeGhost 4/24/2022 9:29 AM

also would you want to talk abt the way i treated you for serum, i thought that was the main area of conflict

**NotDeGhost** can u expand on the compete thing?

NotDeGhost 4/24/2022 9:55 AM

idt i'm competing against you? im just super motivated and kinda sell my soul to stuff i care abt  
so i'll work 24/7 essentially  
maybe that's an unrealistic standard to hold ppl to tho  
hm do you have any thoughts?

ra 4/24/2022 5:25 PM

yo stop bothering nojob i'm ghosting bc i'm trying to figure out how to respond

NotDeGhost 4/24/2022 5:29 PM

NotDeGhost 4/25/2022 12:17 PM

did you have time to think abt this yet  
+ what you're planning to do next wrt osec

NotDeGhost 4/25/2022 12:54 PM

one possibility is you stay and run a trading/dev side? if you don't wana do audits  
like the paradigm vc model

ra 4/25/2022 5:20 PM

prolly going to leave

NotDeGhost 4/25/2022 5:25 PM

o ok  
when / how?  
+ what do you plan to do with your equity

NotDeGhost 4/25/2022 5:54 PM

but also i'd prefer if we could just talk things out and resolve the conflict  
ik it's harder sometimes than just burning a bridge, but it's probably more worthwhile  
we can both change, nothing is fixed  
regardless, i will respect ur choice

**NotDeGhost** hm do you have any thoughts?

ra 4/26/2022 12:17 PM

i was more referring to how you withhold information and try to perform oneupsmanship

🙄 1

NotDeGhost 4/27/2022 11:02 AM

ok so it doesn't rly make sense for me to  
try and have a conversation with smbdy who responds once a day  
i think you have two options here:  
1. try to resolve this  
2. quit  
if we don't make meaningful progress on the first, i'll assume you're doing the latter  
and act accordingly  
it's unfair for me to have you in this mixed state where you've quit in all but name  
and abandon all your duties

**NotDeGhost** if we don't make meaningful progress on the first, i'll assume you're doing the latter

NotDeGhost 4/27/2022 11:07 AM

let's say EOD today

**NotDeGhost** and act accordingly

ra 4/27/2022 11:45 AM

you're saying this like you haven't been doing this since 2 weeks ago before I even considered quitting

NotDeGhost 4/27/2022 11:45 AM

?

what have i been doing

ra 4/27/2022 11:46 AM

you know what you've been doing

I don't need to tell u

NotDeGhost 4/27/2022 11:46 AM

ok so

if you're gonna be like this

there's no point in having a convo

in that case, let's discuss how we'll transition you out

altho tbh there isn't that much to do

ra 4/27/2022 11:50 AM

yeah, cause you've been doing that for the past month

NotDeGhost 4/27/2022 11:50 AM

you can believe whatever

ra 4/27/2022 11:50 AM

did kanav tell u to do this?

NotDeGhost 4/27/2022 11:50 AM

but considering

ra 4/27/2022 11:51 AM

Or did you decide to do this

NotDeGhost 4/27/2022 11:51 AM

you've ghosted me for 3 days

and you won't even accept nojob as a mediator

ra 4/27/2022 11:51 AM

My responsibility is to the company

Not you

NotDeGhost 4/27/2022 11:51 AM

yeah so not doing any work and

ditching the one audit you were responsible for

was rly responsbiel right

ra 4/27/2022 11:51 AM

You did say you were better than me at that audit

NotDeGhost 4/27/2022 11:51 AM

wait do you hear yourself

"my responsibility is to the company"

proceeds to abandon all his work

ra 4/27/2022 11:52 AM

I was optimizing the workload by having you do it since I'm useless :)

NotDeGhost 4/27/2022 11:52 AM

again, i never said you were useless

i've had to spin defund up

and i'll be putting a lot more time into serum

to cover for you

 NotDeGhost i think you have two options here: 1. try to resolve this 2. quit

 NotDeGhost 4/27/2022 11:57 AM  
?

 ra 4/27/2022 11:59 AM  
is there a line in the operating agreement that requires that I do work?

 NotDeGhost 4/27/2022 11:59 AM  
technically not  
but u'd kinda be screwing me

 ra 4/27/2022 12:00 PM  
alright, then i'm not quitting

 NotDeGhost 4/27/2022 12:00 PM  
hm?  
quitting as in  
giving up shares or (edited)  
not doing work

 ra 4/27/2022 2:00 PM  
should i tell other ppl that i'm no longer osec affiliated  
like i have a meeting with steel perlot scheduled for friday

 NotDeGhost 4/27/2022 2:08 PM  
uh  
can you transfer them over to me  
say ur unavailable and i'll sit in the call

 ra 4/27/2022 2:09 PM  
i can't transfer because my google account is disabled  
uh  
just add urself to the meeting ig

 NotDeGhost 4/27/2022 2:09 PM  
kk  
where did you talk to them?  
was it over email  
or telegram

 ra 4/27/2022 2:09 PM  
telegram

 NotDeGhost 4/27/2022 2:10 PM  
u should tell them that ur gonna be unavailable  
and i'll handle the call

 ra 4/27/2022 2:10 PM  
yeah  
<https://calendly.com/elireinhardt/steel-perlot-disruptive-finance-call>

Steel Perlot Disruptive Finance Call - Eli Reinhardt

here's his calendly

 NotDeGhost 4/27/2022 2:11 PM  
wait who are they  
/ where did you meet

ra 4/27/2022 2:11PM

azi's party

it says their name in the link  
they're a steel perlot partner

NotDeGhost 4/27/2022 2:11PM

o

wait just tell him i'll join the call instead of u

ra 4/27/2022 2:12PM

yea is my google calendar still up

NotDeGhost 4/27/2022 2:12PM

yeah i see it

ra 4/27/2022 2:12PM

or is it gone since my google account is disabled  
ok

NotDeGhost 4/27/2022 2:12PM

can you also send me  
ftx creds

ra 4/27/2022 2:12PM

login is the original osec gmail  
with oauth

NotDeGhost 4/27/2022 2:12PM

where's the oauth  
can u just send me the pw

ra 4/27/2022 2:12PM

ftx.us or ftx.com(you want ftx.us) (edited)  
there's no password  
oauth

NotDeGhost 4/27/2022 2:12PM

oh

ra 4/27/2022 2:13PM

yeah lemme  
remove  
what's your phone number

NotDeGhost 4/27/2022 2:13PM

425 589 5868

ra 4/27/2022 2:13PM

ftx requires 2fa  
2fa code pls

NotDeGhost 4/27/2022 2:16PM

ra 4/27/2022 2:16PM

done

NotDeGhost 4/27/2022 2:18PM

ok so just clarifying  
are you planning on retaining ownership of ur 40% stake (edited)

or would you be open to some sort of buyback

 ra 4/27/2022 2:21PM  
\$5m

 NotDeGhost 4/27/2022 2:21PM  
would you be open to hopping on a call  
to discuss more

 ra 4/27/2022 2:21PM  
no not particularly

 ra 4/27/2022 2:35PM  
steel perlot guy replied and said he wants to talk to me (edited)

 NotDeGhost 4/27/2022 2:35 PM  
can u send ss

 ra 4/27/2022 2:36 PM

 NotDeGhost 4/27/2022 2:37 PM  
uhh maybe take the chat then  
and see how it goes

 ra 4/27/2022 2:37 PM  
yea  
also, are you going to tell daryl that i'm not with osec anymore

 NotDeGhost 4/27/2022 2:40 PM  
yeah

 ra 4/27/2022 2:40 PM  
kk

 NotDeGhost 4/27/2022 2:40 PM  
can u leave the gc

 ra 4/27/2022 2:43 PM  
going to leave all the gcs then

 NotDeGhost 4/27/2022 2:43 PM  
err can u just  
mute them  
so are you quitting formally  
or wdym "i agree"

 ra 4/27/2022 2:48 PM  
or like  
you're going to have to tell them anyways  
eventually

 NotDeGhost 4/27/2022 2:48 PM  
yeah i will over time (edited)  
why delete?  
also i understand you don't wana call but I think we need to. im sorry you felt the need to do what you did, but we should settle this so that you are  
happy. being negligent will only make things worse for both of us.

 ra 4/27/2022 2:56 PM  
i prefer text

 NotDeGhost why delete?

NotDeGhost 4/27/2022 2:59 PM

why reply "i agree" to "it's unfair for me to have you in this mixed state where you've quit in all but name" and then delete

ra 4/27/2022 3:02 PM

no reason

NotDeGhost 4/27/2022 3:34 PM

hm so

ig are you saying

i should just keep working while you keep 40% equity in osec

and not contribute

that seems kinda unfair to me right

NotDeGhost 4/27/2022 7:30 PM

who is cashmere.finance?

i think that's the last call u have right

ra 4/27/2022 7:31 PM

idk idr scheduling a meeting with them

NotDeGhost 4/27/2022 7:31 PM

also can u share

what u sent to steel perlot

ra [Click to see attachment](#)

ra 4/27/2022 7:32 PM

ra idk idr scheduling a meeting with them

ra 4/27/2022 7:35 PM

can you check if they scheduled thru calendly or smth

when is the call

NotDeGhost 4/27/2022 7:35 PM

not sure

tues

can u put pepsipu on the call

w/ steel perlot

ra 4/27/2022 7:42 PM

why?

NotDeGhost tues

ra 4/27/2022 7:43 PM

can you take it then ig?

NotDeGhost 4/27/2022 7:43 PM

kk

asked him if he heard of steel perlot, he said he met at party too

i think he was interested in chatting to them too

NotDeGhost kk

ra 4/27/2022 7:47 PM

right i remember it's a wallet company i met at solana miami

NotDeGhost 4/27/2022 7:47 PM

kk

ra 4/27/2022 7:47 PM

didn't realize they scheduled this far in the future

ra 4/28/2022 8:59 AM

should I tell sgc I'm not with osec anymore

NotDeGhost 4/28/2022 8:59 AM

i already did

feel free to leave the gc

NotDeGhost i already did

ra 4/28/2022 9:07 AM

where?

NotDeGhost 4/28/2022 9:07 AM

dm

ra 4/28/2022 9:07 AM

kk

NotDeGhost 4/29/2022 11:23 AM

hey i think we really need to chat

can we have a quick call

ra 4/29/2022 11:43 AM

is it osec related business?

NotDeGhost 4/29/2022 11:43 AM

yeah

ra 4/29/2022 11:43 AM

what part?

NotDeGhost 4/29/2022 11:45 AM

what you're looking for and mby how we can compromise

ra 4/29/2022 11:59 AM

i also want to know what you're looking for

what are your intentions?

NotDeGhost 4/29/2022 12:00 PM

i just want to build an audit firm?

and work together

im kinda confused because it seems like all this anger came out of nowhere

can we have a quick call?

ra 4/29/2022 12:06 PM

what do you want from me, specifically

NotDeGhost 4/29/2022 12:06 PM

just have a conversation

ra 4/29/2022 12:07 PM

related to osec

NotDeGhost 4/29/2022 12:07 PM

hoping to understand what you're looking for

cause rn we're in a weird situation where it feels unfair to me

NotDeGhost hoping to understand what you're looking for

ra 4/29/2022 12:17 PM

in what specific way that is related to osec?

NotDeGhost 4/29/2022 12:18 PM  
well looking for with respect to osec  
and just in general

ra 4/29/2022 4:12 PM  
i mean, you can do whatever with the company since you have the majority stake

NotDeGhost 4/29/2022 4:15 PM  
but it's a bit unfair for you to hold onto 40% while not doing anything

NotDeGhost 4/29/2022 6:59 PM  
hm thoughts?

ra going to leave all the gcs then  
NotDeGhost 4/30/2022 6:48 AM  
mby just get it over with  
and i can explain

ra 4/30/2022 6:50 AM  
i already did

NotDeGhost 4/30/2022 6:50 AM  
ur still in a few?  
also what have u been telling ppl

ra 4/30/2022 6:51 AM

NotDeGhost ur still in a few?  
ra 4/30/2022 6:51 AM  
maybe desktop client is bugged  
with leaving  
i left days ago

NotDeGhost 4/30/2022 6:52 AM

NotDeGhost also what have u been telling ppl  
ra 4/30/2022 6:52 AM

NotDeGhost 4/30/2022 8:10 AM

to discuss my salary + execute member

gonna copy this to an email to your dad too

ra 5/4/2022 12:10 PM

NotDeGhost 5/4/2022 4:59 PM

ra started a call that lasted 4 minutes 5/4/2022 4:59 PM

NotDeGhost 5/4/2022 5:04 PM  
actually let's void the backdate part for now  
i need to double check that

ra 5/4/2022 5:05 PM  
did you sign an employment contract yet?

NotDeGhost 5/4/2022 5:06 PM  
let me get back to you on that

[Please\\_DocuSign\\_may-4-meeting-summary.docx.pdf](#)  
260.24 KB

for your records, let me know if there are any inaccuracies

ra 5/4/2022 5:18 PM  
i propose dissolution

NotDeGhost *Click to see attachment*

ra 5/4/2022 5:20 PM  
i believe the terms contained within represent a breach of fiduciary duty to me, an owner of 40% of the company

NotDeGhost 5/4/2022 5:22 PM  
im sorry to hear that  
fwiw i don't believe that

ra 5/4/2022 5:24 PM  
that being  
?

NotDeGhost 5/4/2022 5:24 PM  
I don't believe the summary of our meeting was inaccurate or unfair (edited)

ra 5/4/2022 5:35 PM  
i also believe that your actions while i was still at otter security represent a breach of fiduciary duty by working behind my back with jump and hiding information from me, along with trying to push me out

ra i propose dissolution  
ra 5/4/2022 5:37 PM  
i am willing to let these go if we dissolve otter security (edited)

NotDeGhost 5/4/2022 5:38 PM  
what would happen to the intellectual property under otter security in your scenario?  
ie the website, logo, etc

ra 5/4/2022 5:41 PM  
intellectual property will be distributed based off of a case by case basis, with the final result being agreed upon by both parties as being a fair split in accordance with the ownership percentages

NotDeGhost 5/4/2022 5:42 PM  
i would want some guarantees before moving forward

ra 5/4/2022 5:42 PM  
what kind of guarantees

NotDeGhost 5/4/2022 5:42 PM

i would want the website, logo, and everything in github rn

ra 5/4/2022 5:43 PM

i am willing to give up all the company ip for a lump sum in addition to the existing split of liquid assets

NotDeGhost 5/4/2022 5:44 PM

what lump sum?

ra 5/4/2022 5:45 PM

\$200k

NotDeGhost 5/4/2022 5:45 PM

so  $0.4 * 500 + 200$ ?

ra 5/4/2022 5:45 PM

yes

or however much we have

not exactly \$500k(we still have the saber bounty for example)

NotDeGhost 5/4/2022 5:46 PM

sure i can disperse the 1/3 to you

as we get it

ra 5/4/2022 5:46 PM

wdym by "1/3"

NotDeGhost 5/4/2022 5:47 PM

1/3 to you

1/3 to me

1/3 to cppio

as we agreed on previously

ra 5/4/2022 5:47 PM

please show where we agreed on this previously

NotDeGhost also we should split bounty evenly w/ cppio, he helped w/ finding + would be unfair to exclude

NotDeGhost 5/4/2022 5:48 PM

.

i mean we can argue abt this but tbh sbr is prob gonna go to zero anyways so

ra 5/4/2022 5:49 PM

ok, we still need to retroactively compensate cppio then

this will be done before liquidation

NotDeGhost 5/4/2022 5:49 PM

yeah

would you be ok structuring this as just a

payment for your equity

seeing as how it is functionally equivalent

ra 5/4/2022 5:54 PM

is the jump deal still on the table?

NotDeGhost 5/4/2022 5:55 PM

jump is not looking to acquire equity

and you're no longer part of the discussion

ra 5/4/2022 5:57 PM

what is their offer for the acquire

NotDeGhost 5/4/2022 5:57 PM  
they extended me an offer

ra 5/4/2022 5:57 PM  
how much

NotDeGhost 5/4/2022 5:57 PM  
which i may or may not take  
sorry confidential

ra 5/4/2022 5:57 PM  
how many people are involved  
within the company  
who will be taken by the acquihire

NotDeGhost 5/4/2022 5:58 PM  
it's not rly relevant to this discussion i think  
but again, sorry confidential

ra 5/4/2022 5:58 PM  
i believe  
as a shareholder

NotDeGhost 5/4/2022 5:58 PM  
i don't believe that this has (edited)

ra 5/4/2022 5:58 PM  
i have the right to know

NotDeGhost 5/4/2022 5:58 PM  
anything to do with osec  
again, it's not a share acquisition

ra 5/4/2022 5:59 PM  
the people are all employees of the company  
the company currently employs those people and they have non compete clauses  
in their employment contracts

NotDeGhost 5/4/2022 6:00 PM  
i am aware

ra 5/4/2022 6:00 PM  
this is very much related to the company as it acts directly against the company's interests  
and the interests of its shareholders

NotDeGhost 5/4/2022 6:01 PM  
regardless, the jump deal will not affect equity  
so you will not lose out on this

ra 5/4/2022 6:02 PM  
it will effect  
legality  
again, breach of fiduciary duty

NotDeGhost 5/4/2022 6:02 PM  
ok so ig circling back  
you're not looking to pursue this then?

ra i am willing to give up all the company ip for a lump sum in addition to the existing split of liquid assets  
NotDeGhost 5/4/2022 6:03 PM  
"this" being

ra 5/4/2022 6:03 PM

this being

i am no longer pursuing dissolution

NotDeGhost 5/4/2022 6:03 PM

sounds good

**NotDeGhost** but again, sorry confidential

ra 5/4/2022 6:04 PM

did you sign an nda

i believe you are acting on behalf of the company here

so i have the right to know

NotDeGhost 5/4/2022 6:04 PM

again, sorry confidential

ra 5/4/2022 6:04 PM

what you have negotiated on the behalf of the company

NotDeGhost 5/4/2022 6:04 PM

i will let you know if/when i make a decision with jump (edited)

**NotDeGhost** again, sorry confidential

ra 5/4/2022 6:06 PM

what do you mean by "confidential"

do you have a nda signed?

NotDeGhost 5/4/2022 6:08 PM

ok in good faith

i will let you know that

jump extended an offer to just me

the details are still up in the air

but this is all that i know

does that help?

**NotDeGhost** ok in good faith

NotDeGhost 5/4/2022 6:12 PM

(i don't believe it's on behalf of the company)

ra 5/4/2022 6:18 PM

weren't you talking to jump on behalf of osec though?

NotDeGhost 5/4/2022 6:19 PM

- depends on your definition of "on behalf of"

ra 5/4/2022 6:45 PM

this appears to be a conflict of interest

ra 5/5/2022 3:54 AM

could you please provide full record of any communication with jump crypto and/or its representatives in chats like telegram?

NotDeGhost 5/5/2022 1:30 PM

why?

NotDeGhost 5/5/2022 1:58 PM

(not denying your request, just wondering why you ask)

ra 5/5/2022 2:54 PM

because we can only have a fair liquidation of the company if both parties are aware of the company's situation

ra 5/5/2022 3:27 PM

hi, can i please have a copy of the original operating agreement?

(i no longer have access to the docuSign)

nvm, found it

ra because we can only have a fair liquidation of the company if both parties are aware of the company's situation

 NotDeGhost 5/5/2022 7:02 PM  
yup definitely agreed

ra could you please provide full record of any communication with jump crypto and/or its representatives in chats like telegram?

 ra 5/6/2022 4:03 PM  
any update on this?

 NotDeGhost 5/6/2022 4:04 PM  
do i have a legal obligation to provide this?

 ra 5/6/2022 5:05 PM  
why do you not want me to know?

 NotDeGhost 5/6/2022 5:09 PM  
i never said that?

 ra 5/6/2022 5:11 PM  
ok, then can you please provide this information relevant to my interests as a stake holder?

 NotDeGhost 5/6/2022 5:12 PM  
do i have a legal obligation to provide this?  
as specified in the contract

 ra 5/6/2022 5:15 PM  
what are you trying to hide?

 NotDeGhost 5/6/2022 5:15 PM  
nothing?

 ra 5/6/2022 5:18 PM  
why do I have to have a legal basis to ask for documents that relate to the company's business?

 NotDeGhost 5/6/2022 5:19 PM  
im not saying you have to have one?

 ra 5/6/2022 5:20 PM  
then provide the documents

 NotDeGhost 5/6/2022 5:20 PM  
can you answer my question?

 ra 5/7/2022 4:22 AM  
did you see what my father sent?

 ra 5/9/2022 3:30 PM  
just making sure, osec funds aren't in sol or ust right

 NotDeGhost 5/9/2022 3:30 PM  
nope

 ra 5/9/2022 3:30 PM  
kk

 NotDeGhost 5/9/2022 3:31 PM  
ust depegging?

 ra 5/9/2022 3:31 PM  
very hard  
at \$0.86 rn

NotDeGhost 5/9/2022 3:31PM

wait where

it says .90 for me

ra 5/9/2022 3:32PM

o was \$.86 earlier

NotDeGhost 5/10/2022 7:57 AM

would you be open to considering selling your share of the company?

if not, i'll probably dissolve the company and remake it

but it'll be a lot messier and there's no need to burn bridges like that

NotDeGhost 5/10/2022 2:20 PM

or you can always come back to osec

ra 5/11/2022 8:14 PM

what is this

NotDeGhost 5/11/2022 8:15 PM

transferwise

paying ppl

ra 5/12/2022 3:13 PM

what's the company wallet addy?

NotDeGhost 5/12/2022 7:14 PM

ledger got delayed, getting package tmrw

will setup in a few days

ra 5/13/2022 1:17 PM

why did the wise charge bounce? why didn't you transfer some out of crypto to cover?

NotDeGhost 5/13/2022 1:18 PM

we accidentally transfered twice

both the 29k and 11k

29k was enough for wise

ra 5/13/2022 1:18 PM

why was one of them labeled transfer to osec instead of to wise?

NotDeGhost 5/13/2022 1:19 PM

ask daryl?

he made it

ra 5/13/2022 1:20 PM

are company funds still in ftx?

NotDeGhost 5/13/2022 1:20 PM

yup

ra 5/13/2022 1:20 PM

y

NotDeGhost ledger got delayed, getting package tmrw

NotDeGhost 5/13/2022 1:20 PM

NotDeGhost 5/13/2022 1:27PM

sure

NotDeGhost 5/13/2022 2:16PM

also would you be open to both of us giving harry 0.5% of the company

sorry for slow responses, visiting my gf

will setup ledger tmrw probably

- she picked it up for me

1

was gonna setup a hot wallet at <https://solscan.io/account/76inDAoDYduQKPZXRkQTuZ4CS8Jf2KbWmL3Qo7A6T8um> instead of waiting for ledger, but haven't got around to it

happy?

NotDeGhost would you be open to considering selling your share of the company?

ra 5/13/2022 2:27PM

\$4 million

NotDeGhost also would you be open to both of us giving harry 0.5% of the company

NotDeGhost 5/13/2022 2:28PM

re: ~ 10% allocation of equity for employees

i don't have 4 million, but ig mby in the future

ra 5/13/2022 2:29PM

why not complete jump acquihire w/ me and get this over with? (edited)

NotDeGhost 5/13/2022 2:29PM

if it was actually happening, i'd take it?

but it isn't lol

ra 5/13/2022 2:30PM

i have no way of knowing

NotDeGhost if it was actually happening, i'd take it?

NotDeGhost 5/13/2022 2:30PM

wait if it was happening, then wouldn't i gladly take your offer of 4 millino

cause i'd immediately profit

ra 5/13/2022 2:30PM

let me see communications from jump

NotDeGhost 5/13/2022 2:31PM

can we solve the issue at hand with employee equity first  
we need to incentivize them to stay long term

ra 5/13/2022 2:31PM

this is not an issue, it is a proposal, and i'm willing to consider it if we both have all our cards on the table

NotDeGhost 5/13/2022 2:32PM

im sorry, i have personal communications that i can't share  
ig i will let harry know that you are unwilling to  
honor our agreements with him

ra 5/13/2022 2:33PM

i was not notified of any agreement  
please send me this agreement

NotDeGhost 5/13/2022 2:33PM

we discussed giving equity to employees  
previously  
im not sure why you'd block fairly compensating our employees

ra 5/13/2022 2:34PM

we both know what you're trying to do here

NotDeGhost 10% of our equity

NotDeGhost 5/13/2022 2:34PM

ra 5/13/2022 2:34PM

don't make me say it out loud

NotDeGhost 5/13/2022 2:34PM

?  
instead of being passive aggressive  
can you just say what you're thinking

ra 5/13/2022 2:36PM

look, we both know you wouldn't go out of your way to help someone if it weren't for your own benefit

NotDeGhost 5/13/2022 2:36PM

that's a very serious accusation  
i can come up with a bunch of counterexamples lol

NotDeGhost if not, i'll probably dissolve the company and remake it

ra 5/13/2022 2:36PM

it's because you can't do this

NotDeGhost 5/13/2022 2:36PM

?  
why not

ra 5/13/2022 2:37PM

please, deal with me honestly

NotDeGhost 5/13/2022 2:37PM

instead of being passive aggressive, can you just say what you're thinking please  
i'm confused what you're trying to do here

ra 5/13/2022 2:37PM

i would also prefer to not burn bridges here  
but you trying to do tricky stuff and hide the true valuation of the company from me

NotDeGhost 5/13/2022 2:38 PM

what if i sign a document saying

it will not be acquihired

if that's your main concern

**ra** don't make me say it out loud

NotDeGhost 5/13/2022 2:40 PM

also can you say it out loud, i'm not sure what you mean

**ra** it's because you can't do this

ra 5/13/2022 2:40 PM

.

NotDeGhost 5/13/2022 2:40 PM

that's not true?

i could either forfeit all my shares, and just start a new firm with no fiduciary conflict

or do what you're doing

and quit and do my own firm

ra 5/13/2022 2:41 PM

alright, then forfeit your shares

NotDeGhost 5/13/2022 2:41 PM

nah

and how does adding harry change this

in your view

**NotDeGhost** im not sure why you'd block fairly compensating our employees

ra 5/13/2022 2:44 PM

how about a vested bonus?

**NotDeGhost** we need to incentivize them to stay long term

ra 5/13/2022 2:45 PM

also, employees can't join a competitor because of the noncompete clause

NotDeGhost 5/13/2022 2:45 PM

they could just quit?

**ra** how about a vested bonus?

NotDeGhost 5/13/2022 2:45 PM

equity is different from a bonus

i mean if you're uncomfortable with it, you can just be clear about it and

i will share with the team

that we will go back on our previous arrangement of 10% equity for employees

**NotDeGhost** like we give him 5% token equity

ra 5/13/2022 2:47 PM

couldn't find prior discussion of this 10% equity for employees but found this

we still haven't compensated nojob for his work in getting us audit flow

**NotDeGhost** 10% of our equity

NotDeGhost 5/13/2022 2:47 PM

ig you missed this part?

yeah we can do either cash or equity, i will ask him

maybe cash cause i'm not sure about what his commitment is

unless you want equity?

**NotDeGhost** yeah we can do either cash or equity, i will ask him

ra 5/13/2022 2:49 PM

do this, not going to act on his behalf

NotDeGhost 5/13/2022 2:49 PM

kk

did you also see the part i pointed out about prior discussion?  
on 10% equity  
or did you miss it

ra 5/13/2022 2:50 PM

actually, draft up a document describing how this will happen  
i'll check it out

NotDeGhost 5/13/2022 2:51 PM

wdym

we'd just give first employees  
1% equity  
in exchange for them taking on a managerial role

ra 5/13/2022 2:55 PM

yeah, write that down in a doc and i'll take a look

NotDeGhost 5/13/2022 2:56 PM

?

i'm confused as to why it needs to be in a doc  
i mean it's fine if you don't want to give up anymore of your equity  
can you be transparent abt it please  
instead of stalling

ra 5/13/2022 2:57 PM

well, this is a management decision right? i need something that can be signed

NotDeGhost 5/13/2022 2:57 PM

i'm confused as to what you want me to produce  
and it seems like you're stalling  
again, please be transparent

ra 5/13/2022 2:58 PM

please ask the company lawyer to draft up a proposal

NotDeGhost 5/13/2022 2:58 PM

to do what

ra 5/13/2022 2:58 PM

to give employees equity

NotDeGhost 5/13/2022 2:58 PM

we would just amend the operating agreement  
like what we did before

NotDeGhost 5/13/2022 3:07 PM

again, this is a simple process. can you please be transparent on why you're stalling  
so i have something to tell the team

**NotDeGhost** again, this is a simple process. can you please be transparent on why you're stalling

ra 5/13/2022 3:22 PM

i don't appreciate these accusations that i'm stalling  
you told me approximately 30 minutes before this comment about wanting me to approve a major decision regarding the company  
I need time to think about it  
it's completely unreasonable for me to make a decision within 30 minutes for something this important, and you know that  
please stop pressuring me in an attempt to make me break

NotDeGhost 5/13/2022 3:23 PM

it seems like stalling because we already had this discussion

and you were perfectly fine with it previously, but now it seems like you're just being obstinate to spite me  
in essence, we both give up .5% equity to harrison

ra 5/13/2022 3:37 PM

sorry, my parents want me to stop talking to you  
about this

NotDeGhost 5/13/2022 3:37 PM

??

can i talk to your parents then?

ra 5/13/2022 3:37 PM

my dad is busy

NotDeGhost 5/13/2022 3:38 PM

ok so ig ur just saying

ur not willing to honor our commitment

but in a more roundabout way

is ur dad busy? or are you just using him as an excuse

ra let me see communications from jump

ra 5/17/2022 1:28 PM

circling back to this, can you please provide relevant documentation regarding osec's communications with jump?

you are the executive officer

and under article 4.6 you "must supply information regarding the company or its activities to any member upon request"

i'm willing to work with you once you act in good faith with me and provide sufficient information for me to work with

NotDeGhost 5/17/2022 9:10 PM

yes of course, happy to fulfill any requests for information

also want to make sure we're on the same page and that we're respecting the company's time 🙏

copying the latter part of article 4.6 here:

Access and inspection of information will be at the requesting member's expense.

what documentation are you looking for? we've had lots of communication with jump as a company so it would take quite a while to send over every message

ra 5/18/2022 3:51 AM

can you please send me the exported chat history of your conversations with kanav?

it's pretty easy, go to the top right corner, hit the hamburger menu, and hit `export chat history`

please do the same for any other jump related chat

and upload the folders here

NotDeGhost 5/18/2022 9:59 PM

hey, happy to provide any legal documents and/or agreements between ottersec and jump crypto

exporting all my chats seems pretty far reaching and i'm not sure if that's in scope

if there's any questions you have, or any information you're looking for, i'm happy to answer those as well

appreciate your understanding :)

ra 5/22/2022 5:15 AM

please stop stalling and fulfill my request

NotDeGhost 5/23/2022 8:36 AM

im not stalling?

NotDeGhost hey, happy to provide any legal documents and/or agreements between ottersec and jump crypto

NotDeGhost 5/23/2022 8:36 AM

NotDeGhost 5/26/2022 9:33 AM

could you remind your dad to attend the company dissolution meeting

scheduled for tomorrow (May 27th), 1 pm MT

ty :)

NotDeGhost 5/26/2022 7:42PM

also if you want to invite anybody else from your side (e.g. nojob), feel free to let us know and send over the invite

NotDeGhost 5/31/2022 10:53PM

hey, trying this one last time: would you be interested in coming to the table about a share buyout. if not, I will execute my right to dissolve the company which will be messier / more expensive for both of us

yes

R ra 13:09  
sure yea

R ra 21:05  
also i think we should add each other to all chats we make with protocols by default

RC Robert Chen 21:08  
imo no

just put the ones we are talking to down on the sheet 21:09  
cause its kinda awkward 21:09  
to add smbdy they haven't met in person 21:09

R ra 21:11  
some projects emailed us right

idk idt its a big deal because most of the time projects bring in their cofounders 21:11

did you check jet-governance stuff

RC Robert Chen 17:23  
can u elaborate on ur comment

like explain the mint thing 17:23

R ra 17:23  
i think im misunderstanding how they plan on using spl-governance

they're probably intending on using it as a library which would make a ton of sense 17:23

RC Robert Chen 17:24  
> what's preventing the user from directly using spl-governance vs the jet-governance program?

does not make sense 17:24  
please explain 17:24

R ra 17:24  
similar to how dex-v4 uses serum-v4

RC Robert Chen 17:26  
?

R ra 17:28  
edited for brevity

RC Robert Chen 17:28  
can u tell them abt

the mint thing 17:28

R ra 17:29  
it doesn't matter if they do what i think they do because the other way wouldn't even work

but basically 17:29

RC Robert Chen 17:29  
?

why does the mint thing not work 17:29

R ra 17:29  
if spl-governance is a separate program the jet-governance program shouldn't be able to modify the accounts

in the first place 17:29  
/spl-governance will fail ownership checks 17:29

RC Robert Chen 17:29  
oh wait

ok 17:30  
can u respond to jet 17:38

it sounds like a huge audit 10:15

R ra 10:20  
yeah idk  
they should be mostly spl token swap tho

RC Robert Chen 10:20  
o also

soldex 10:21

should we do the audit for 10:21

spl token swap clones? 10:21

R ra 10:22  
soldex seems mildly scammy and broke based off their website

RC Robert Chen 10:23  
hm ok ig we can decline it then

R ra 10:23  
In reply to [this message](#)

yeah sure, but most probably can't cough up the amt we're looking for

it's pretty frustrating because i have literally zero idea what you want or are frustrated abt rn 15:29

**R** **ra** 15:31  
what you described was not an acquihire

**RC** **Robert Chen** 15:31  
the valuation would be assigned as a signing bonus

which i told him to split with you 15:31

it is functionally equivalent to an acquihire 15:31

**R** **ra** 15:34  
ok

**RC** **Robert Chen** 15:34  
wait if you're concerned about how this is structured

why did u not just ask kanav 15:34

this is what he told me so 15:35

that's part of why i setup that meeting for you 15:35

**R** **ra** 15:36

**RC** **Robert Chen** 15:36  
uhh are you gonna dm him

**R** **ra** 15:37  
yea

**RC** **Robert Chen** 15:37  
i dunno if that's a good idea

might lower valuation if we seem divided 15:37

you should dm jonathan with questions imo 15:37

because he is not involved with valuation side 15:38

or wait for jump's offer 15:38

so they can't take back the number 15:38

Hi Rob,  
I chose not to say these things in front of Gink and Dan.

Honestly, you astound me with your actions. You took away a company that we built together after my dad died, and all you can scrape together is an insincere apology months afterwards. You then follow up with petty complaints that I'm stressing you out with my mere presence, causing you to be unable to perform at your peak in a prestige tournament with no money on the line, nothing but your ego. You tell me most of this, not personally, but through two of Dice's best guys who are already busy with the CTF, stressing them out before the competition. Next time, say it to my face.

Have a good day,  
David

Hi David,

Happy to chat.

Unfortunately, as you probably know, you can't steal millions of dollars from a company, actively sabotage relationships the company built, quit, demand that the company dissolve, refuse 40% of the company's profits, and after everything file a frivolous lawsuit out of greed and spite.

Given all of the above, I raised your actions and behavior with the others, and they agreed that you are not welcome in DiceGang's suites. That being said, I look forward to seeing you around at DEF CON :) Feel free to share anything with Gink/Dan — the truth exonerates and I look forward to the recovery of stolen assets and IP.

Appreciate your time,  
Robert
